

## An Enjoyable Stay

Speaking of Golf™ did a live broadcast of their radio show from Lansdowne Resort in Leesburg, Virginia on July 3<sup>rd</sup>. I must say, we had a truly unexpected, wonderful experience. From the time we arrived, the service and attention to detail from the hotel staff was A+. Even as we sat back and did some people-watching, it was obvious to us, that this is the treatment any guest can expect while they are at Lansdowne Resort. It doesn't matter whether you are dining, at the pool, or on the golf course, customer service is utmost.

One can also expect to find the golf both challenging at times and rewarding at others. And, it's not just about the courses' design. Encountering the many types of wildlife, who are completely at home with us mere humans, is a daily occurrence. Add the golfing experience to the variety of dining options, Spa Minerale (Tom loved his massage as much as I did mine), and five pool options, you just can have one terrific vacation or business stay. Only 8 miles from Dulles Airport in Washington, DC, Lansdowne Resort turned out to be a great discovery. We hope to return soon.
